

**Transportation
Benefit District (TBD)
2020 Annual Report**

In May 2018, City Council adopted Ordinance No. 1835 which created the Oak Harbor Transportation Benefit District (OHTBD) Number One. City Council assumed the duties of the OHTBD via Ordinance Number 1865.

On July 24, 2019, City Council passed Resolution 19-16, calling for an initiative on the November 2019 Ballot asking the citizens to adopt a 0.2% sales tax (Taxable Retail Sales only) to fund local road improvements to preserve and maintain the City's transportation infrastructure. This ballot measure was approved by the voters in the November 2019 General Election.

On April 1, 2020, the City of Oak Harbor's local sales tax rate increased from 8.7% to 8.9% for a period of 10 years. The revenue from the 0.2% sales tax increase is estimated to generate approximately \$987,000 per year over a 10-year period towards TBD designated projects.

Funding from the Oak Harbor Transportation Benefit District (TBD) Funds Provides

Improvements of "local" streets within the City limits. Other sources of funding are available to improve major and minor arterials and collectors, but local streets do not currently have a funding source.

There are approximately 148 lane miles of streets in the city limits, 103 lane miles are local streets. The Street Saver Management Plan analyzed the existing conditions of Oak Harbor's roadways and generated a list of deficient roads and appropriate levels of preservation (chip seal, asphalt overlay, and reconstruction).

To review a list of projects and see potential impacts to neighborhood streets, visit www.oakharbor.org/tbd.

TBD Oversight

The Oak Harbor City Council oversees the Oak Harbor Transportation Benefit District.

TBD Business is conducted with regular City Council business at City Council meetings held on the first and third Tuesday of each month at 6:00 p.m. Meetings can be viewed via the City's Youtube page at www.youtube.com/CityofOakHarbor.

The Current City Council

Mayor Robert Severns
