*This list is provided as a courtesy to City of Oak Harbor water utility customers to assist with arranging for prompt completion of annual backflow assembly testing. The appearance of a business' contact information on this list does not constitute an endorsement of that business by the City of Oak Harbor. The businesses listed have valid documentation on file with the Water Division and test reports from these listed businesses are considered valid upon receipt with no additional requirements.*

*A water utility customer may choose any firm from this list, or any other WA Dept. of Health Licensed Backflow Assembly Tester to perform the annual test. **Testers or Businesses not on this list may be required to furnish additional documentation before the test report is accepted.***

*Please submit a copy of your Current WA DOH BAT License Card, and Test Gauge Kit Calibration Certificate to [ccprogram@oakharbor.org](mailto:ccprogram@oakharbor.org) before January 31 each year. All backflow assembly tester businesses must re-submit these requirements annually to remain on this listing.*
